

Mote's IC2R3 Virtual Outreach Programs

Mote's Virtual Outreach Programs are live, interactive presentations with one of our educators. Each program is 30 - 45 minutes long and will include time for Q&A. Programs are scheduled through a secure Zoom connection. A maximum of 6 programs can be scheduled per day. Cost: \$75 per virtual connection

A Mote educator will give students a virtual presentation on Mote Marine Laboratory's Elizabeth Moore International Center for Coral Reef Research and Restoration (IC2R3), featuring our cutting-edge research and restoration science programs. Choose from the following topics:

- ◇ Virtual Tour of IC2R3
- ◇ Coral Reef Restoration
- ◇ Coral Reefs & Ocean Acidification
- ◇ Coral Health & Disease
- ◇ Coral Reproduction & Restoration Methods

Additional Virtual Connections:

Cost: Free

Join Mote's [Coral Reef Virtual Classroom](#) to access marine science lessons, behind-the-scenes videos, STEM activities, Q&As with Mote scientists, and more! **Class code:** UAML5D3

[Mote's Coral Kits](#) are a free, educational experience from Mote's IC2R3 lab to your classroom. There are 4 interactive lessons to choose from to teach students about coral reef biology and ecology, while highlighting Mote's cutting-edge research and restoration efforts on Florida's Coral Reef. Dive in deeper with our virtual resources including vocabulary cards, activity extensions, behind-the-scenes videos, and Q&As with Mote scientists!

Virtual Resources are available to all teachers, hands-on lab supplies not included.

For local MCSD teachers, supplies kits can be delivered to your classroom upon request.
