

MOTE CAMP

Summer 2019

Here is our exciting line up for our morning, onsite camps at Mote Aquarium. All theme descriptions are listed on the second and third pages. Find your camper's age and the week you wish to attend and see what the theme is for the week. If you don't have a specific week in mind, read about the camp themes and choose your camper's favorite.

	Shark Pups & Grownups 2-5 year olds & favorite adult Tuesday - Thursday 10:00 am - 12:00 pm	Tidal Tykes K-2nd graders Monday - Friday 8:00 am - 12:00 pm	Aqua Kids 3rd-5th graders Monday - Friday 8:00 am - 12:00 pm	Sea Sleuths 6th-8th graders Monday - Friday 8:00 am - 12:00 pm
June 3rd - 7th	Aquatic Appetites	Homes, Holes & Hideaways	Ocean Odysseys	The Real World: Ocean Edition
June 10th - 14th	Aquatic Appetites	Gills, Nose, & Blowholes	Mini Me of the Sea	Generation H2O
June 17th - 21st	Aquatic Appetites	Homes, Holes & Hideaways	Ocean Odysseys	The Real World: Ocean Edition
June 24th - 28th	Aquatic Appetites	Gills, Nose, & Blowholes	Mini Me of the Sea	Generation H2O
July 1st - 5th	NO MORNING ONSITE CAMPS			
July 8th - 12th	Underwater Tool Time	Homes, Holes & Hideaways	Ocean Odysseys	The Real World: Ocean Edition
July 15th - 19th	Underwater Tool Time	Gills, Nose, & Blowholes	Mini Me of the Sea	Generation H2O
July 22nd - 26th	Underwater Tool Time	Homes, Holes & Hideaways	Ocean Odysseys	The Real World: Ocean Edition
July 29th - August 2nd	Underwater Tool Time	Gills, Nose, & Blowholes	Mini Me of the Sea	Generation H2O
August 5th - 9th	Underwater Tool Time	Homes, Holes & Hideaways	Ocean Odysseys	The Real World: Ocean Edition

Summer 2019

Camp Themes & Descriptions

Shark Pups & Grownups (2-5 year olds & Favorite adults)

Aquatic Appetites

Young campers and their favorite adult will learn through stories, games, science tools and crafts. Aquatic appetites can be big and this camp will explore the feeding behaviors and predator prey relationships that exist in the ocean. Our three-day camp will include visits and special interactions at Mote Aquarium, Marine Mammal & Sea Turtle Center, and hands-on exploration of Sarasota Bay.

Price: \$145 non-members/ \$135 members

Note: *Water activities for this camp are on Thursdays only*

Underwater Tool Time

Young campers and their favorite adult will learn through stories, games, science tools and crafts. Ocean animals have many 'tools of the trade' at their disposal that help them survive in their habitat. Our three-day camp will include visits and special interactions at Mote Aquarium, Marine Mammal & Sea Turtle Center, and hands-on exploration of Sarasota Bay.

Price: \$145 non-members/ \$135 members

Note: *Water activities for this camp are on Thursdays only*

Tidal Tykes (Entering K-2nd Grade)

Home, Holes & Hideaways

Home, Sweet Hole? Campers are invited to join this week's theme of ocean homes. Through hands-on and inquiry based activities, campers will learn about ocean animals' homes and hideaways. Campers will explore the Mote Aquarium, Mammal Center and Sarasota Bay to discover animal habitats. Home is where you hang your shell!

Price: \$259 non-members/ \$239 members

SWIMMING SKILLS REQUIRED

Gills, Nose & Blowholes

Head, Shoulders, Knees and... Blowholes? Campers are invited to join in on the song of adaptations. Through hands-on and inquiry based activities, campers will learn all about animal adaptations like gills and special noses. During their exploration of Mote Aquarium, Mammal Center and Sarasota Bay, campers will find all sorts of adaptations that thrive beneath the waves. Plug your nose, we are diving deep into the ocean this week!

Price: \$259 non-members/ \$239 members

SWIMMING SKILLS REQUIRED

Summer 2019

Aqua Kids (Entering 3rd-5th Grade)

Ocean Odysseys

Join this week and journey through different marine ecosystems. Campers will explore Mote Aquarium, Mammal Center and Sarasota Bay to experience how different ecosystems work and thrive. Through hands-on and inquiry based activities, campers will learn about the underwater cities of coral reefs, nursery beds of seagrasses, and the vast range of the open ocean. There is more to these ecosystems than just predators and prey.

Price: \$259 non-members/ \$239 members

SWIMMING SKILLS REQUIRED

Mini Me of the Sea

Zoea, fry, ephyra... What are these words?! These are all important stages of marine life cycles. This week, campers will learn about the life cycles and stages of marine animals through hands-on and inquiry based activities. Campers will get to explore Sarasota Bay and Mote Aquarium and Mammal Center in search of how different animals reproduce and techniques they use to survive. Don't worry, campers won't need their parents to help through these life cycles.

Price: \$259 non-members/ \$239 members

SWIMMING SKILLS REQUIRED

Sea Sleuths (Entering 6th-8th Grade)

The Real World: Ocean Edition

This is the true story about ocean animals that live together and have their lives examined by kid scientists.

The Real World: Ocean Edition! Campers are invited to come examine the truth about our ocean animals, from the top predators to the smallest plankton, and everything in between. Campers will explore, snorkel and kayak their way through the ocean world. Lets see what happens when campers start being scientists and keep being curious.

Price: \$259 non-members/ \$239 members

SWIMMING SKILLS REQUIRED

Generation H2O

Put on your scientist hat because this week campers will dive into the world of water and Florida. Through exploration, snorkeling and kayaking, campers will learn about the first explorers of Florida, the founders of Mote, and what's in store for our oceans. Campers are the future scientists and ocean conservations, and the rest is history!

Price: \$259 non-members/ \$239 members
